WHAT WE DO?

ROYAL BRIDGE FAMILY OFFICE

Royal Bridge Family Office is a privately held company deeply engaged in humanitarian and charity activities, official partner of the Polish Peace Corps, actively engaged in the humanitarian aid for Ukraine - both after the start of the full scale invasion onto the territory of Ukraine, that has started on February 24th, 2022 and before this date, in connection with the military aggression onto the Ukraine in the year of 2014 and the permanent state of war at part of the Ukraine's territory as of this date.

The aforementioned activity is also conducted for last many years by the co-owner and the President of the Royal Bridge Family Office – HSH Angelika Ewa Jarosławska Sapieha, International Peace Ambassador, anti-landmine activist, founder of One Mine One Life anti-landmine campaign.

WHAT WE DO?

ROOTS OF PEACE

For the past 25 years, Roots of Peace has worked in war-torn countries around the world to remove the remnants of war, landmines and unexploded ordinances, and restore the land in order to rebuild peaceful communities for generations to come.

The Roots of Peace “Mines to Vines” approach has impacted over one million farmers and families. By removing landmines and the remnants of war, Roots of Peace frees land held hostage by unrest. In Afghanistan, it has facilitated the export of fresh fruits, nuts and spices to markets around the world, contributing to the increase in Afghan agricultural exports from \$250 million in 2014 to over \$1.4 billion in 2020. Roots of Peace’s award-winning methodology is rooted in building a business model for peace: providing market-driven solutions tailored to rural communities in war-torn lands and serving as a catalyst for industry-wide development across the world.

Roots of Peace, together with the Royal Bridge Family Office want to multiply the success story of Roots of Peace from Afghanistan to other places in the world, right now, especially in Ukraine.

THE FOLLOWING AREAS ARE COMMONLY COORDINATED AND REALIZED:

1. Organizing transports with humanitarian aid for Ukrainian People
 2. Organizing for Ukrainian People temporary place for living,
 3. Organizing for the Ukrainian Children place where the on-line classes could take a place,
 4. Supporting Ukrainian People in adaptation process in Poland, in particular in finding employment,
 5. Organizing for Ukrainian People transport if interested in travelling to the other EU or Non-EU Countries,
 6. Demining territory of Ukraine. The removal of landmines along humanitarian corridors where innocent Ukrainian refugee children are losing life and limb as they flee for the borders with their mothers. These cruel landmines are designed like toys—teddy bears, shiny objects and butterflies--to tempt the hands of a child.
 7. There are an estimated 60 million landmines in 60 countries. Together, we are committed to turn MINES TO VINES—replacing landmines with vineyards and orchards worldwide. ONE MINE, ONE LIFE at a time.
 8. Together, we call forth the UN to develop the 18th SDG—Sustainable Development Goal—the eradication of landmines. The removal of landmines is the underpinning of sustainable peace on earth, as the other 17 SDG's may not be accomplished in minefields. We call forth a Landmine-Free World.
